

*S*tarting at main campus and heading up the hill on Seaver Drive, you will first pass the Center for Communication and Business building on your right.

### **Center for Communication and Business (A)**

Business and Communication are two of Pepperdine's most popular divisions in undergraduate studies. The CCB houses the TV studio, radio station, computer labs, the student newspaper and magazine office, and a research library.

### **Law School (B)**

Just after passing the CCB, you will see the Law School on your left. If you have time, please stop and make your way to the balcony behind the Law School for one of the best views in Southern California and a wonderful photo opportunity (★). As you make your way downhill on Seaver Drive, the street on your right, Via Pacifica, will take you up to the Drescher Graduate Campus.

### **Honors Housing (C)**

As you drive up the hill, you will see the Honors Apartments, immediately to your left. To qualify to live here, Pepperdine undergraduates must have at least a 3.0 G.P.A. The Honors Housing community consists of four single-occupancy rooms per apartment.

### **Drescher Graduate Campus (D)**

Following Via Pacifica up the hill will bring you around our School of Public Policy, the Graziadio School of Business and Management, the Graziadio School of Education and Psychology, and the Graziadio Executive Center.

### **Heroes Garden (E)**

As you come around behind the Drescher Graduate Campus onto Catalina Drive, stop at the small roundabout and make your way toward Heroes Garden. Heroes Garden was built to commemorate the victims and heroes of September 11, 2001. Enjoy the serene environment and beautiful view overlooking the infinity pool.

Make your way back down the hill. As you turn right onto Huntsinger Circle/John Tyler Drive, you will see the Lovernich Apartment Complex (F) on your left. Here, upperclassmen live in an on-campus apartment complex in double-occupancy rooms with four students per apartment.

Continuing on John Tyler Drive, you will see the track and soccer field (G). The buildings you see lining this area are the 22 residence halls in which first-year students live in suite-style arrangements. If you continue down the hill you will see the baseball stadium, Olympic-size pool, tennis courts, and Firestone Fieldhouse.

### **Firestone Fieldhouse (H)**

In Firestone Fieldhouse, fans and players alike gather for basketball and volleyball games. This building also houses the fitness center, which is available for all students.

### **Alumni Park (I)**

As you make a left onto Banowsky Boulevard, feel free to stop and take a walk in the beautiful Alumni Park. Alumni Park is used for expos, sports events, club sports, graduation, "movies under the stars," and outdoor concerts.
