

IDENTIFICATION CARD

Each student is issued an official identification card that must be carried at all times. It is required for participation in student elections, various University facilities, services, and functions, such as the dining hall, library, and convocation/chapel.

The identification card is designed to last for four academic years. If a card is lost, damaged, or stolen, the replacement cost is \$15. The fee is waived for damaged cards returned to One Stop. One Stop can make and replace identification cards. The card becomes void upon termination or interruption of enrollment and must be returned to the University.
