  - a. Proposals for Adoption
    - 1. ASIA 345 and ASIA 370: from GE World Civilizations to GE Literature.
      - i. Approved by AAC (September 11, 2015).
      - ii. Discussion: Concerns were initially raised of reducing the World Civilizations GE option, but the points were made that this change will give more exposure to students with more literature options and it is overall a better designation for the courses.
      - iii. Decision: **Approved.**
    - 2. BUS division: only allowing a core class to be repeated once.
      - i. Discussion: The data supporting this proposal is more anecdotal than evidential, raising some questions. A large part of the discussion surrounded the question of what it means to repeat a class, because the wording is not explicit in form. It was decided that for now it will run on a case-by-case basis, but explicit wording should be discussed at some point.
      - ii. Decision: **Approved.**
    - 3. BUS division: removing catalog content.
      - i. Decision: **Approved.**
    - 4. INTS 456: add to the list of electives for the International Studies major (Political Studies Specialization).
      - i. Decision: **Approved.**
