

# PEPPERDINE SEAVER COLLEGE

## SEAVER Summarium

Compiled with the latest news, deadlines, and events, the Summarium seeks to act as a resource to our community as we enter a new week.

### Happy Holidays from the Seaver Dean's Office

As we close another semester full of engaging scholarship, everyone in the Seaver dean's office wishes you happy holidays! This time of year allows us to pause and reflect before immersing ourselves back into teaching in spring. To honor this pause, the Summarium will go on a brief hiatus and return to your inbox on January 6.

**Thank you for your dedication to students this semester!**

### Let Us Know What You Think

We are accepting your feedback on the Summarium through **December 18, 2019**. Let us know how we can improve with this [five-question survey](#).

## Upcoming Events and Deadlines

### Faculty/Student Mentor Program

**Deadline: Friday, January 10, 2020**

Applications for spring faculty/student mentor program are now available.

The program is designed to help students learn and grow professionally through significant interaction with faculty mentors, while supporting faculty in their professional responsibilities. Full-time faculty are encouraged to apply.

### Research & Scholarly Achievement Symposium

**Friday, March 27, 2020**

Save the date for spring's Research and Scholarly Achievement Symposium.

The symposium will recognize Seaver students who have participated in various research programs, scholarship, and other creative or expressive works in the last year. If you know a student who may like to participate, contact [Jennifer Bases](#).

## Research at Pepperdine

Every day our community is engaging in research and scholarship across disciplines. Explore faculty stories and potential funding opportunities below.

### Student Discovers Unique Event in Magnetosphere

Physics senior Jennifer Briggs observed a remarkable event in the earth's magnetosphere. Her research helped build understanding of solar weather's impact on life as we know it.
