## Announcing Search for Associate Dean

In the current year, Seaver College will be conducting a search to fill the position of Associate Dean of Student and Faculty Development, a position currently held by Dr. Kindalee DeLong in a two-year visiting appointment. Presently, I am working with Matt Joyner, president of the Seaver Faculty Association, to establish the search committee whose first task will be to draft the position announcement. It is my hope that the announcement is finalized and communicated before the end of September. As the process advances, rest assured that I will keep the community informed.
