SEAVER COLLEGE

SEAVER Summarium

Compiled with the latest news, deadlines, and events, the Summarium seeks to act as a resource to our community as we enter a new week.

Listening to Black Voices

These few resources, far from exhaustive, are meant to assist non-Black community members as they listen to Black students and colleagues and incorporate antiracist pedagogies into the classroom.

Antiracism and Pedagogy

Payson Library developed the Antiracism and Pedagogy InfoGuide to continue to support community members in learning about racial inequality, racial justice, and antiracism and incorporating antiracist pedagogies into the classroom. The comprehensive collection of articles, books, and reports identifies the ways in which systemic racism impacts educational institutions to help staff and faculty develop pedagogies that are truly inclusive.

Equal Justice Initiative Public Education Resources

The Equal Justice Initiative (EJI), built by author and advocate Bryan Stevenson, has a wealth of public education resources to help people confront America's history of racial injustice. Alongside helpful books, films, reports, lesson plans, and community programs, EJI developed the History of Racial Injustice Calendar, which shows the weight and history of racial injustice every day.

For additional resources, explore Payson Library's digital book display of more than 50 titles on racial inequality, racial justice, and antiracism. In an effort to provide antiracist resources and amplify the voices of our Black faculty, students, and community members, the Summarium will continue to feature resources here. If you have resources to submit for consideration, please contact Abigail Ramsey.

Keeping the Community Connected

Fifth Annual SEED Seminar

SEED is a peer-led professional development program that creates conversational communities to foster personal, organizational, and societal change toward equity and diversity.

All full-time Seaver faculty and staff are invited to participate. Read the full invitation to join SEED during the 2020–2021 academic year, and indicate your participation interest with this form. Your RSVP by noon on August 12 would be greatly appreciated. For questions, contact associate dean Kindy De Long.

Remote Internships Approved for Fall 2020

Due to the pandemic, Seaver College will continue to approve remote internships for students.

Internships provide an important vehicle for students to apply their learning to the professional environment. If you are supervising an internship, review this sample syllabus. Students interested in enrolling may be directed to the Academic Internship website.

Faculty-Student Mentor Program

An updated application for the Faculty-Student Mentor Program for fall 2020 is now available.

In this program, students learn and grow professionally through significant interaction with faculty mentors, while supporting faculty in their professional responsibilities. The program is available to full-time Seaver College faculty. **The fall application deadline is August 14, 2020**. Please note that the number of mentorships awarded this year will be significantly reduced. Read more about the program, learn about changes this year, and access the application at the Faculty-Student Mentor Program webpage.

Campus Bookstore Resources

Faculty and staff may get questions on how students will purchase textbooks this year.

Students have been notified by the Seaver Dean's Office about the procedures for ordering ebooks, as well as physical books. Through September 4, basic shipping fees will be waived for students purchasing fall 2020 course materials. Additional details may be found on the bookstore information provided to students.
