

PEPPERDINE SEAVER COLLEGE

SEAVER Summarium

Compiled with the latest news, deadlines, and events, the Summarium seeks to act as a resource to our community as we enter a new week.

Teaching Inclusively

This section provides resources for deepening empathy and inclusion in work and teaching as we strive for true community and belonging, inspired by our Christian mission.

Teaching International Students

The Center for Teaching Excellence invites you to participate in an online workshop, “Culturally Responsive Pedagogy for International Students,” to face their unique challenges.

Even in the best of times, international students experience different struggles than the domestic student. Now in remote learning these challenges may be exasperated while new ones emerge. This workshop will offer practical steps to address these obstacles in the classroom. It features insight from visiting associate professor of English **Julie Oni** and a panel discussion with Seaver **international students** facilitated by **Brooke Mitchell**, director of the Office of International Student Services. You may access the asynchronous workshop via the [Courses CTE Lounge](#). Questions may be directed to cte@pepperdine.edu.

For additional resources, explore Payson Library’s [digital book display](#) of more than 125 titles on racial inequality, racial justice, and anti-racist pedagogy. The Summarium will continue to feature resources on diversity and inclusion in higher education here. If you have resources to submit for consideration, please contact [Abigail Ramsey](#).

Keeping the Community Connected

In Case You Missed It...

Pepperdine Legacy Partners invites you to participate in the 2020 fall festival to raise funds for the Helen Young Scholarship Fund.

While the fall festival has transformed into an e-festival, you can still share with the community through music from Won by One, devotionals from Eric Wilson and Jeff

Walling, and messages from Seaver students. You may donate to the scholarship fund [here](#).
