

SEAVER COLLEGE

Directions: Please read the following policies that govern our course transfer and substitution of units process. Attach either a syllabus or a catalog description of the course you want to transfer or substitute and return this form to OneStop.

1. Students must complete at least 64 units, including their last 28 units worth of requirements (units or courses), in residence at Seaver College and may transfer in no more than 12 units from another school after initial enrollment. A minimum of 24 upper-division units in the major must be completed in residence at Seaver College. The Humanities and Religion sequences must also be completed in residence after initial enrollment.
2. Pepperdine University will not accept courses earned at a two-year college after the student has earned a total of 64 units for all college work, including work completed at Seaver College.
3. Prior written approval must be obtained from the Academic Advising Center for transfer courses to satisfy general education or major requirements. Please attach a complete catalog description or syllabus for the course to this form. The student is responsible for submitting copies of all materials to OneStop and should retain copies of all correspondence. Students may not concurrently enroll at Seaver College and another academic institution for the purposes of transferring credits.
4. Credit received on a basis other than the semester unit will be converted to the semester system. Courses transferred in "quarter units" will be converted to semester units by dividing the quarter unit by 1.5. Transfer courses taken at another institution for lower-division units will transfer to Pepperdine as lower-division units ONLY, even if the Pepperdine equivalent course is upper-division.
5. Seaver College will not grant credit for online, remedial, or personal development courses.
6. Seaver College grants credit for all transferable courses completed with a grade of "C" (2.0) or higher at other regionally accredited colleges. For those entering before Fall 2008, passing grades below "C" taken at other regionally accredited colleges will be incorporated into the student's cumulative GPA. For those entering after Fall 2008, grades will not be calculated into the student's cumulative GPA but the units will be included in the unit totals.
7. Courses taken to satisfy Major, Minor, or General Education requirements must be taken for a letter grade.

Please consult the latest Seaver College catalog (<http://seaver.pepperdine.edu/academics/catalog/>) for a detailed description of these policies.
