BRIEF DESCRIPTION OF THE AWARD

The Beinecke Scholarship Program was established in 1971 by the Board of Directors of The Sperry and Hutchinson Company to honor Edwin, Frederick, and Walter Beinecke. The Board created an endowment to provide substantial scholarships for the graduate education of young men and women of exceptional promise. The program seeks to encourage and enable highly motivated students to pursue opportunities available to them and to be courageous in the selection of a graduate course of study in the arts, humanities and social sciences.

AWARD STIPEND/BENEFITS Each scholar receives \$4,000 immediately prior to entering graduate school and an additional \$30,000 while attending graduate school.

CAN THE AWARD BE DEFERRED? Yes No

CAN THE AWARD BE RENEWED? Yes No

SPECIFIC NOTES/EXCEPTIONS There are no geographic restrictions on the use of the scholarship, and recipients are allowed to supplement the award with other scholarships, assistantships and research grants. Scholars are encouraged to begin graduated study as soon as possible following graduation from college, and must utilize all of the funding within five years of completion of undergraduate studies.

ELIGIBILITY

APPLICANT EDUCATION LEVEL College Junior.

OPEN TO APPLICANTS WHO HAVE COMPLETED AN UNDERGRADUATE DEGREE? Yes No

OPEN TO APPLICANTS NOT CURRENTLY ENROLLED IN COLLEGE/UNIVERSITY? Yes No

AGE LIMIT: None

OPEN TO (NON-US) INTERNATIONAL STUDENTS? Yes No Some
Must be U.S. Citizen or National.

REQUIRED TO DEMONSTRATE FINANCIAL NEED? Yes No

LIMITED TO SPECIFIC FIELDS OF STUDY?

Yes

No

Arts, humanities and social sciences.

ADDITIONAL REQUIREMENTS Applicants must be enrolled in one of the 100 U.S. colleges and universities eligible to nominate a student for a Beinecke Scholarship. An institutional financial aid officer will be required to complete a Financial Data Sheet certifying that the student meets this criterion. During the selection process, the amount of financial need will be one of the factors considered with preference being given to candidates for whom the awarding of a scholarship would significantly increase the likelihood of the student's being able to attend graduate school.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

To be eligible for a Beinecke Scholarship, a student must:

- Have demonstrated superior standards of intellectual ability, scholastic achievement and personal promise during his or her undergraduate career.
- Be a college junior pursuing a bachelor's degree during the 2013-2014 academic year. "Junior" means a student who plans to continue full-time undergraduate study and who expects to receive a baccalaureate degree between December 2014 and August 2015.
- Plan to enter a master's or doctoral program in the arts, humanities or social sciences. Students in the social sciences who plan to pursue graduate study in neuroscience should not apply for a Beinecke Scholarship.
- Be a United States citizen or a United States national from American Samoa or the Commonwealth of the Northern Mariana Islands.
- Have a documented history of receiving need-based financial aid during his or her undergraduate years. Primary evidence of meeting this criterion is a student's history of receiving need-based institutional, state or federal grants-in-aid.

BRIEF DESCRIPTION OF THE AWARD

The Robert Bosch Foundation Fellowship Program is a distinguished transatlantic initiative that offers 15 accomplished Americans the opportunity to complete a comprehensive professional development program in Germany. The Bosch Fellowship is comprised of three main components: customized work placements, professional seminars, and German language training. Bosch Fellows work as consultants in their field of expertise at leading public or private institutions in Germany. In addition, Bosch Fellows participate in professional seminars, where they travel to meet and exchange ideas with key figures across Germany and Europe. Prior to their work placements and seminars, Bosch Fellows participate in up to 5 months of language training with both private tutors in the United States and group classes in Germany. Fellows are from the fields of business administration, cultural management (ex. museum, theater, orchestra), journalism, law, non-profit, public policy, and urban planning. The program is fully funded by the Robert Bosch Stiftung, one of the largest foundations in Germany, with the goal of fostering a community of American leaders who have firsthand experience in the political, economic and cultural environment of Germany and the European Union. Cultural Vistas acts as the U.S. representative of the Robert Bosch Foundation Fellowship Program and has administered the program since its inception in 1984.

AWARD DETAILS

EMPHASIS

Academic Research Language Experiential Travel

BRIEF DESCRIPTION OF THE AWARD

The Fulbright U.S. Student Program provides grants for individually designed study/research projects or for English Teaching Assistantships. During their grants, Fulbrighters will meet, work, live with and learn from the people of the host country, sharing daily experiences. The program facilitates cultural exchange through direct interaction on an individual basis in the classroom, field, home, and in routine tasks, allowing the grantee to gain an appreciation of others' viewpoints and beliefs, the way they do things, and the way they think. Through engagement in the community, the individual will interact with their hosts on a one-to-one basis in an atmosphere of openness, academic integrity, and intellectual freedom, thereby promoting mutual understanding.

AWARD STIPEND/BENEFITS Round-trip transportation to the host country, funding to cover room, board, and incidental costs, and Accident & Sickness Health Benefits.

CAN THE AWARD BE DEFERRED? Yes No

CAN THE AWARD BE RENEWED? Yes No

SPECIFIC NOTES/EXCEPTIONS Competitive applicants to the Fulbright U.S. Student Program will not have recent extensive experience abroad (excluding recent undergraduate study abroad), especially in the country of application.

ELIGIBILITY

APPLICANT EDUCATION LEVEL Must have obtained a bachelor's degree or equivalent by the start of the grant.

OPEN TO APPLICANTS WHO HAVE COMPLETED AN UNDERGRADUATE DEGREE? Yes No

OPEN TO APPLICANTS NOT CURRENTLY ENROLLED IN COLLEGE/UNIVERSITY? Yes No

AGE LIMIT: None

OPEN TO (NON-US) INTERNATIONAL STUDENTS? Yes No Some

REQUIRED TO DEMONSTRATE FINANCIAL NEED? Yes No

LIMITED TO SPECIFIC FIELDS OF STUDY? Yes No

ADDITIONAL REQUIREMENTS Strong preference in the Fulbright U.S. Student Program is for those who have not previously held a Fulbright grant. However, those who may have held an English Teaching Assistantship may apply for a study/research grant, provided that at least 2 years have elapsed from the end of their ETA period, and they continue to meet all other eligibility requirements. Preference will be given to applicants whose higher education was undertaken primarily at educational institutions in the United States. Foreign study during the junior year or other periods of undergraduate study that are integral parts of the curricula of American institutions will not be considered a disadvantage. Candidates who have not resided or studied in the country to which they are applying for more than six months, not counting undergraduate study abroad are preferred. Duty abroad in the Armed Forces of the United States is not considered disqualifying within the meaning of this section. For most programs, applicants who have had extensive previous foreign experience in the host country are at a competitive disadvantage, but are still eligible to apply.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

Selection is made on the basis of:

- Quality and feasibility of the proposal as described in the Statement of Grant Purpose.
- Academic or professional record.
- Personal qualifications.
- Language preparation.
- Preference factors as established by the J. William Fulbright Foreign Scholarship Board (FFSB) and the Fulbright Commissions/Foundation.
- Extent to which the candidate and the project will help to advance the Fulbright aim of promoting mutual understanding among nations through engagement in the host community, among other activities.
- Ability of the supervising agencies abroad to arrange/confirm supervision and facilitate research clearance, if necessary.
- Requirements of the program in individual countries. In some countries, advanced-degree candidates are preferred, and in some countries, certain fields of study are not recommended. Check with IIE before filing an application if you do not meet country specifications.
- Desirability of achieving wide institutional and geographic distribution.

ADDITIONAL REQUIREMENTS The applicant must be receiving a Federal Pell Grant at the time of application or during the term of his/her study abroad. The applicant is applying to or has been accepted into a study abroad program or internship eligible for credit by the student's accredited institution of higher education in the U.S. The applicant is studying abroad for at least four weeks in one country. Programs going to more than one country are eligible if the student will be studying in one country for at least four consecutive weeks. The applicant is studying abroad in any country except Cuba or a country on the U.S. Department of State's current Travel Warning list.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

The U.S. Department of State's goal for the Gilman Program is to broaden the student population that studies abroad by supporting undergraduates who might otherwise not participate due to financial constraints. The Gilman Scholarship Program aims to support a diverse range of students who have been traditionally underrepresented in study abroad, including but not limited to:

- Students with high financial need
- Students studying in non-traditional countries, especially those outside of Western Europe, Australia and New Zealand
- Students with diverse ethnic backgrounds
- Students from a diverse range of institutions including four-year, public, private, community colleges, Historically Black Colleges and Universities, Tribal Colleges, Hispanic Serving Institutions and other Minority Serving Institutions
- Students with disabilities

SPECIFIC NOTES/EXCEPTIONS

Applications for Summer and Fall programs are available in January and due in early March. Applications for Spring programs are available in August and due in early October. There are two components to the application. Students complete an online application and applications must be certified by the students advisors. The financial aid advisor will verify that the student is currently receiving a Federal Pell Grant and the estimated amount of financial aid, in grants and scholarships that the student may apply to their study abroad program. The study abroad advisor will verify the study abroad program information provided by the student, and that the program they are applying to is an approved, undergraduate credit-eligible program at the student's home university.

ADVISING CONSIDERATIONS

IS THERE ANYTHING NOT COVERED ABOVE OF WHICH ADVISORS SHOULD BE AWARE?

Humanity in Action seeks applicants who are smart, intellectually curious, entrepreneurial and passionate about human rights and social justice. We look for a diversity of backgrounds and interests. While grades are important, we value intellectual curiosity and a desire to participate in group learning (as opposed to individual research) more than the highest academic marks.

MARSHALL SHERFIELD FELLOWSHIP

AWARD DETAILS

EMPHASIS

Academic Research Language Experiential Travel

BRIEF DESCRIPTION OF THE AWARD

The Fellowships, which are funded by the Marshall Sherfield Fellowship Foundation, and administered by the Marshall Commission, enable American scientists or engineers to undertake post-doctoral research for a period of one to two academic years at a British university or research institute. The aim of the Marshall Sherfield Fellowships is to introduce American scientists and engineers to the cutting edge of UK science and engineering. It is intended that this in turn will build longer-term contacts and international links between the United Kingdom and the United States in key scientific areas.

ADDITIONAL REQUIREMENTS To qualify candidates should: be citizens of the United States of America and normally a resident in the USA; hold a doctorate in a science or engineering subject by the time they take up their Fellowship.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

In appointing Fellows the selectors will look for distinction of intellect and

character as evidenced both by their scholastic attainments and by their other activities and achievements. Candidates, who will be expected to pursue high level research during their Fellowship, should demonstrate an outward-looking disposition, good communications skills and the potential to promote British-American understanding. Preference will be given to candidates who combine high academic ability with the capacity to play an active part in the life of the United Kingdom university or research institute to which they go, and to those who display a potential to make a significant contribution to their own society. Selectors will also look for strong motivation and seriousness of purpose, including the presentation of a specific and realistic research programme.

NATIONAL SCIENCE FOUNDATION

NATIONAL SCIENCE FOUNDATION GRADUATE FELLOWSHIP

AWARD DETAILS

EMPHASIS

Academic Research Language Experiential Travel

BRIEF DESCRIPTION OF THE AWARD

The purpose of the NSF Graduate Research Fellowship Program (GRFP) is to help ensure the vitality and diversity of the scientific and engineering workforce in the United States. The program recognizes and supports outstanding graduate students who are pursuing research-based master's and doctoral degrees in fields within NSF's mission. The GRFP provides three years of support for the graduate education of individuals who have demonstrated their potential for significant achievements in science and engineering research.

AWARD STIPEND/BENEFITS Each Fellowship consists of three years of support usable over a five-year period. For each year of support, NSF provides a stipend of \$30,000 to the Fellow and a cost-of-education allowance of \$12,000 to the degree-granting institution. Pending the availability of funds in 2013, it is anticipated that the stipend will increase to \$32,000, as indicated in NSF's FY2013 Budget Request to Congress.

CAN THE AWARD BE DEFERRED? Yes No

CAN THE AWARD BE RENEWED? Yes No

SPECIFIC NOTES/EXCEPTIONS Categories of applicants that are ineligible: Those who do not hold US citizenship, national, or permanent resident status by the application deadline. Those who were previously awarded a fellowship from the NSF Graduate Research Fellowship Program and accepted it. Those who have declined the offer of the NSF Graduate Research Fellowship and who did not notify NSF by the published deadline for accepting the Fellowship. Those who have earned any graduate or professional degree by August 1, 2012, except applicants who have completed a joint BS/MS program and have not completed any further graduate study outside the joint program (last year's Solicitation dates). Current NSF employees.

ELIGIBILITY

APPLICANT EDUCATION LEVEL Fellowships are awarded to individuals in the early stages of their graduate study. Please see Solicitation for details.

LIMITED TO SPECIFIC FIELDS OF STUDY? Yes No

Graduate study in a research-based program in a science and engineering field supported by NSF (See Fields of Study).

ADDITIONAL REQUIREMENTS Acceptance of a Fellowship award is an explicit agreement that the Fellow will be duly enrolled in an NSF-approved graduate degree program consistent with the field of study indicated in their application by the beginning of the following academic year.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

The application evaluation involves the review, rating, and ranking of applications by disciplinary and interdisciplinary scientists and engineers, and other professional graduate education experts. The primary responsibility of each panel is to evaluate the merit of eligible GRFP applications by applying the National Science Board-approved Merit Review Criteria of Intellectual Merit and Broader Impacts, and to subsequently recommend applicants for NSF Graduate Research Fellowships. Panelists are instructed to review the applications holistically in the context of applying NSF's Merit Review Criteria and the GRFP emphasis on demonstrated potential for significant achievements in science and engineering. NSF determines the successful applicants from these recommendations, with Fellowships and Honorable Mention offered based on the GRFP portfolio within the context of NSF's mission.

CANDIDATE PROFILE

KEY CHARACTERISTICS SOUGHT BY REVIEW COMMITTEE

We are far more interested in determining the significance of what the students have done than in their articulation of what they hope or plan to do. To this end, the committee seeks to identify individuals whose past

accomplishments are truly distinctive in light of their backgrounds and whose futures portend continuing distinctive contributions to American life.
