HONORING OUR PEPPERDINE DONORS Class of 2021

The Pepperdine Fund congratulates the Class of 2021 on your milestone achievement! We are proud of all you've accomplished during your time at Seaver—and all you will accomplish as you carry your newfound knowledge, insight, and inspiration out into the world. Rest assured that your senior year will be one for the history books. Your fortitude will be remembered for a lifetime at Pepperdine.

Unfortunately, due to the constraints of the pandemic, our traditional student philanthropy efforts were upended, impeding the opportunities seniors would normally have had to celebrate Give2Pepp and the Senior \$5 for 5 campaign. Some of your classmates were able to make their gifts and they are recognized here at commencement. Though these individual gifts may be small, they are the most meaningful gifts the University receives—they represent the future. Your combined efforts can help make even more scholarship opportunities and unique educational experiences available to future students—creating a lasting impact on the culture of giving in our Pepperdine community, while also increasing the value of your degree. Each gift is a vote of confidence in our alma mater and has a direct impact on Pepperdine's national ranking. We would like to recognize the following undergraduates for giving back to Pepperdine during the 2020–2021 academic year and for making a significant contribution in the lives of future Waves following in their footsteps. A special thanks to the members of the Student Philanthropy Council who successfully completed an unprecedented year.

Together you are providing a living, lasting example of George Pepperdine's motto: "Freely ye received, freely give."

Welcome to the alumni donor family!
